PRIVATE MEMBERS' MOTIONS

2. *Mr. Smith* (Nipissing)—Resolution—That in the opinion of this House;
 1. The Minister of Lands and Forests should sell no more Crown land in resort or recreational land areas in fee simple to any person, corporation or group.
 2. In such areas, the Minister of Lands and Forests should in future, only lease Crown lands.
 3. An immediate inquiry should be instigated into the activities of companies advertising tax sale and other Canadian properties, in foreign newspapers, journals and magazines; into the activities of individual entrepreneurs in this field, as middlemen, agents or third parties generally; and into possible methods to control the sale of private recreational lands to non-citizens of Canada.
 4. The Clerk-Treasurer of any municipality should, before offering any land for sale for taxes, furnish to the Minister of Lands and Forests, a copy of the list of lands annexed to the warrant; and the Minister shall have the option to purchase these lands, or any part of them, within ninety days of this advice, on payment of the arrears of taxes thereon, on behalf of the Crown in right of Ontario; without prejudice to the one-year redemption rights of the original owner.

3. *Mr. Trotter*—Resolution—That, in the opinion of this House, the Province should immediately institute a system of financial assistance to those municipalities in which there is a shortage of low-cost housing, whereby new houses having an assessment insufficient to carry municipal and educational service tax charges at a level adequate for provision of such services, shall receive compensatory tax grants on a scale diminishing to zero over a ten year period in respect of each such project; in order to encourage municipalities to approve low-cost projects without jeopardizing their financial stability; and to afford them a reasonable time in which to attract revenue-producing industrial and commercial assessment.

6. *Mr. DeMonte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.

7. *Mr. Burr*—Resolution—That, in the opinion of this House the Teachers' Superannuation Act and the regulations made under it should be amended: (a) so that the dependant's allowance of a teacher's widow or widower, although it ceases at death, is merely suspended during a remarriage. (b) so that a teacher, who has earned a teacher's pension and becomes entitled also to a teacher's dependant's allowance, may receive all or part of the latter, provided that the pension and dependant's allowance together do not exceed the greater of the two original pensions involved.
